

Siemens, pioneer in green technology!

André BOUFFIOUX

Siemens

President of the Siemens Group Belgium-Luxemburg

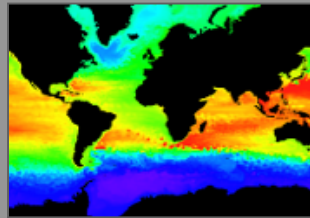

Global megatrends are shaping tomorrow's markets

- **Urbanization**

- **Demographic change**

- **Climate change**

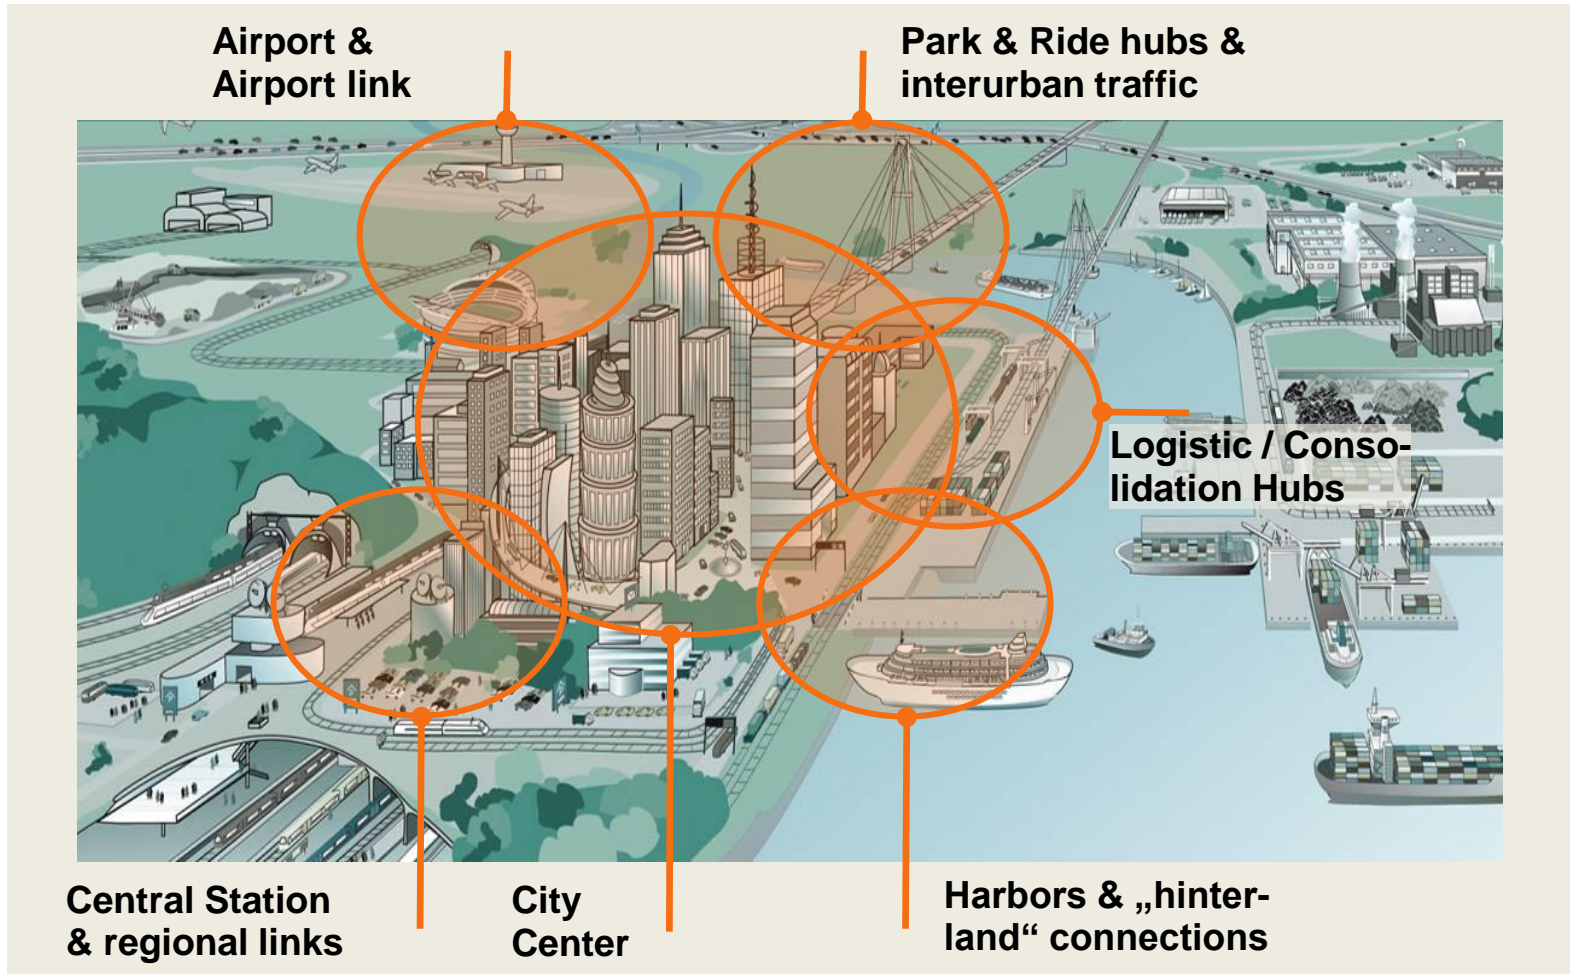

- **Globalization**

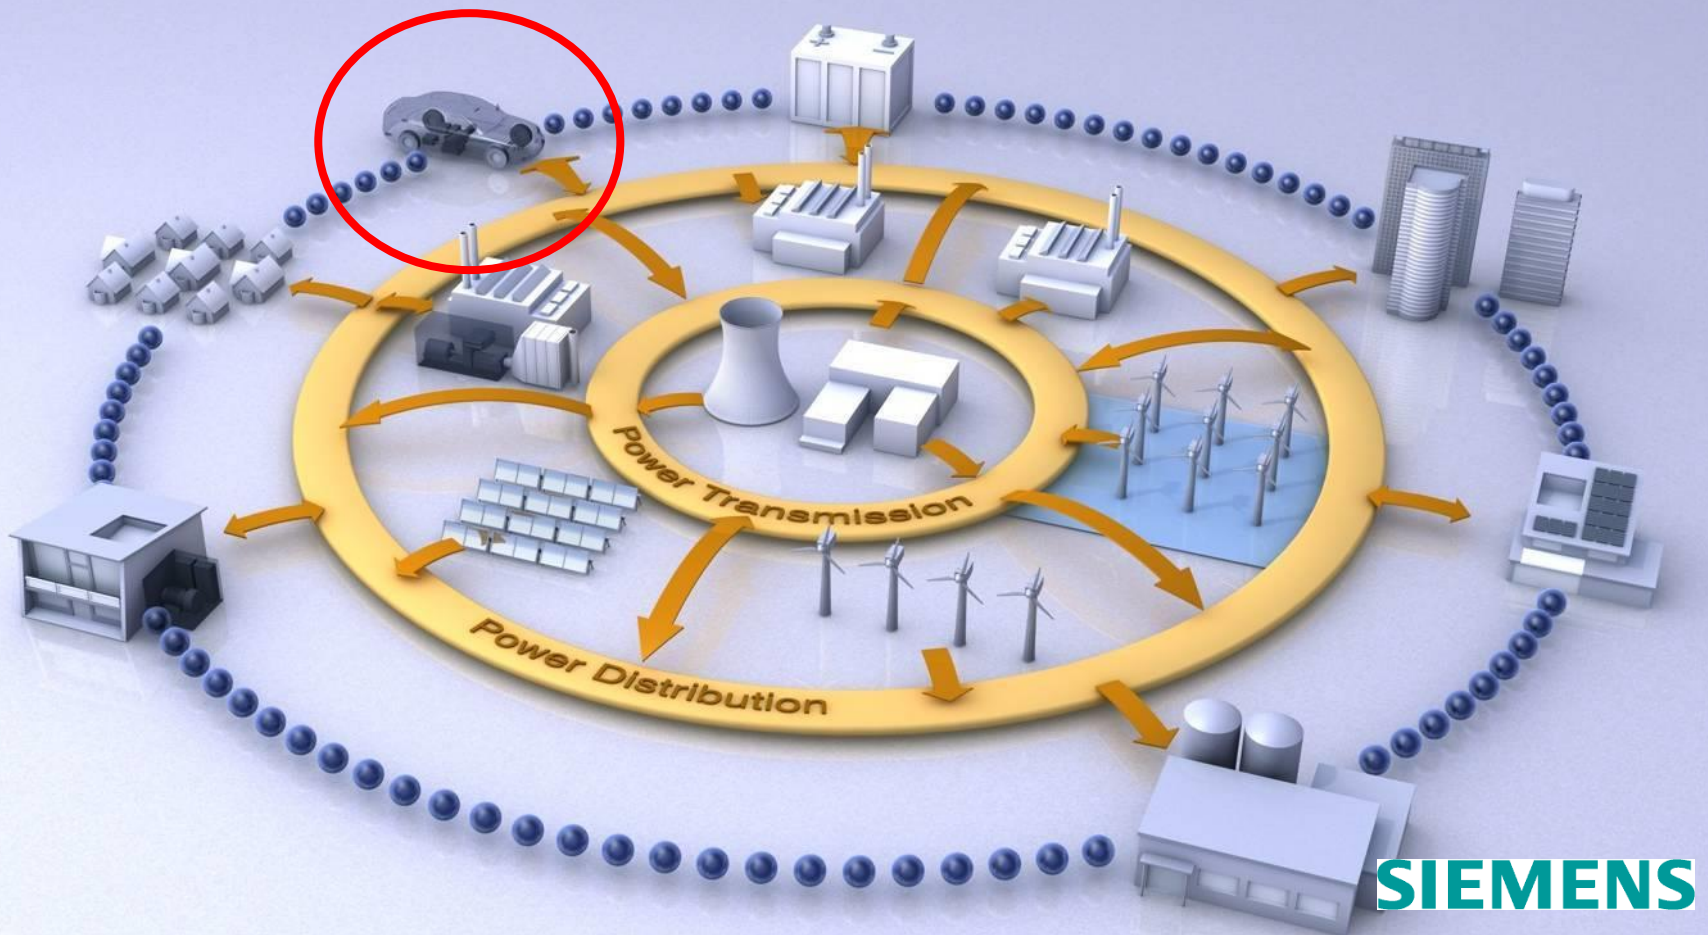

Smart Grids will change our daily lives

Electromobility as integrated part of an holistic, sustainable mobility solution for cities

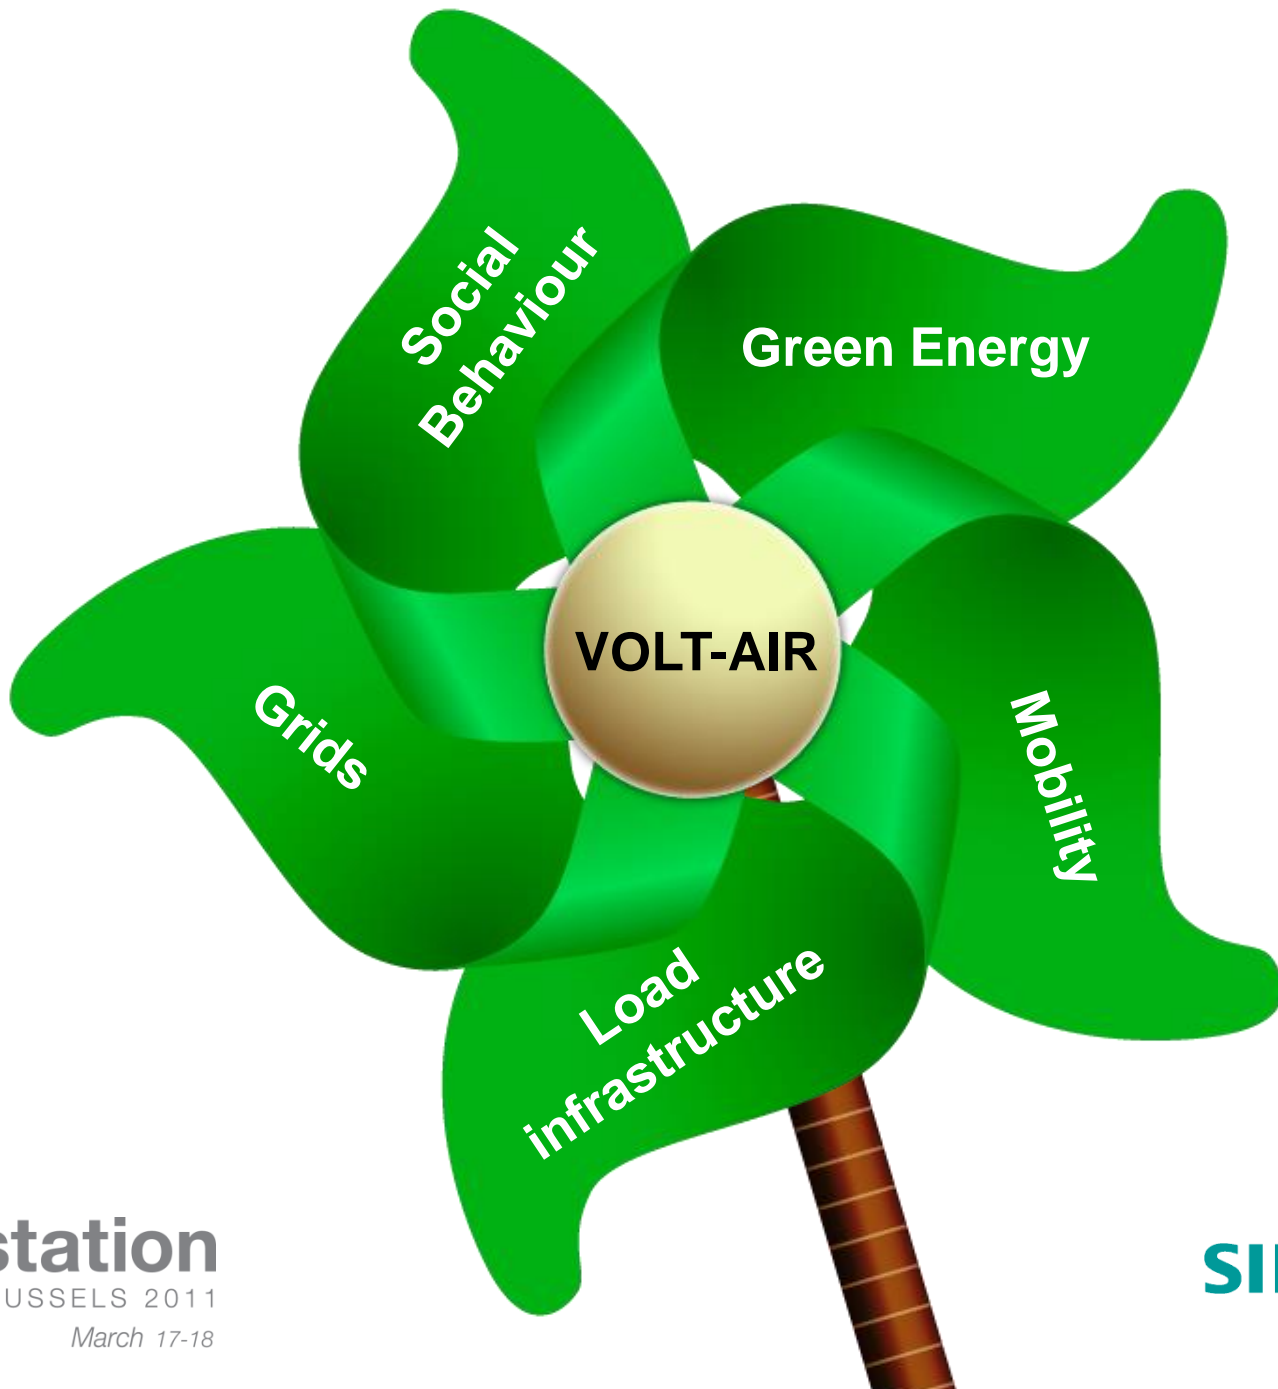

The eCar is a fantastic opportunity for the Smart Grid and will be an integral part of it

**Siemens launches a unique pilot project:
eCars integrated in a Smart Grid concept**
